This is a spiritual enrichment process for the Reclamation, Renewal & Revitalization of Spiritual Consciousness and the empowerment to collective, communal and cooperative action for the good of KRST Unity Center of Afrakan Spiritual Science—its All auxiliaries, Family & Friends.

WHm Mes Tu means Renewal, Revival , Restoration of Force, Validity or Effect, To Restore Consciousness, Restore From An Inactive State, To Renew Spiritually, To Give New Life, To Regenerate.

"WHm Mes Tu ; pronounced by Nswt Bity

Amenemhat, 2000 AFK was the first articulation of the concept of renaissance and revival. WHm Mes Tu was a call for the people to return to the fundamental concepts, ideas, thinking, features, characteristics and practices that had made KMT (Egypt) a great nation.

This pronouncement was necessary because the people had begun to drift away from the principles of Truth. The Pharaoh's primary responsibility was to exemplify MAAT (Truth, Justice, Righteousness, Harmony, Balance and Unity). Amenemhat, understanding the law of Mind Action knew that unless his consciousness and the consciousness of the people were firmly grounded in Truth, the nation would decline.

WHm Mes Tu "Go back to Principle and articulate Good Speech." Good speech is Speaking Good and Doing Good. (MAAT) (As our grandparents taught us "Pretty Is as Pretty Does".) His call was for an internal process of rededication to spiritual principles that would serve as an impetus for the corresponding actions of outer revitalization.

WHm Mes Tu, the articulation of Good Speech has the model for 2000 years... Whenever the nation drifted toward mediocrity, the call for renewal is pronounced.

We are calling now, for WHm Mes Tu to be established at The KRST Center Of Afrakan Spiritual Science as a purposeful, conscious activity for the rebirth, reawakening and revitalization of The KRST Center, all its Members, Associates, Friends, and Greater Community for a 100 Days of Renaissance.

Let us consciously search for, use and apply Good Speech and focus upon fulfilling our mission and purpose: "To provide a loving and supportive atmosphere for personal and spiritual growth for all people to learn how to apply the KRST principles to Master our lives. " As we do so, our lives will be a shining beacon for all those who are feeling the stirring of Spirit and desire to actively participate in the spiritual awakening of our community and the world.

Our personal commitment must be to live the example of WHm Mes Tu as Amenemhat did. I invite you to join in a conscious communion of Unity in this process for the rebirth and revitalization of UNITY in our community. To do so we must focus our consciousness, our thought word and deed (Good Speech) upon our spiritual growth and our desire to serve

NTR through serving all of life.

We can only fulfill our destiny, our responsibility for empowering our community from strength within our own spiritual selves. That can only come about as the result of the work we do to consciously be in oneness with NTR (NTR).

WHm Mes Tu is for the Spiritual resurrection of Community Unity that we may serve as a beacon of Truth for the building of a spiritually based Society, through the teaching of African Centered Spiritual Principles.

Our community is crying out for a knowing of ourselves as spiritual beings and the truth that we are created for mastering life's ups and downs through the practical application of spiritual principles. "Unity" is the answer. Unity of Spirit; of Heart, of Mind, of Purpose In the Revitalization and Practice, in our day to day lives of Afrakan Spiritual Science.

WHm Mes Tu offers us a spiritual tool and some methods of spiritual empowerment to assist us on our consciousness raising journey toward oneness with NTR, by which we will empower ourselves, our center, our village, our nation and the world.

Through our joining our consciousness in oneness (UNITY) we are recreating ourselves, and our Community in order to better serve as NTR's instruments for the unfolding of Its good on earth, as it is in heaven.

And So It Is!

Suggested Guidelines for Affirmative Prayer:

Prayer is any conscious attempt to experience, and realize our oneness with NTR. It is opening ourselves to the power of NTR to move and act through us. "The Kingdom of NTR (consciousness), is within." As our awareness of the inner presence of NTR expands, we experience ourselves as centered in NTR, and perceive things from the divinity within. We do not pray to NTR as something separate from us, but from Its sacred presence within, our very essence. NTR is good all the time. The purpose for prayer is for us to come into conscious acceptance of the all-good nature and reality of NTR. Prayer does not change things for us, it changes us for things by changing our minds about the things. We acknowledge the presence of NTR within us, and in every situation and give thanks for perfect outcomes.

1. BECOME STILL: Acknowledge and realize the presence of **NTR** and announce your intention of opening yourself to the presence of **NTR**. Even if our prayer is for a specific thing, the underlying need is to feel oneness, and to sense the comfort, guidance and healing which rise up from Spirit within yourself.

2. ASK: Confidently make your desires known of the One Power, One Presence, All Good, Mother/Father/Spirit/All That Is (Whatever you call **NTR**) **Within You**.

3. AFFIRM: That what you have asked will be done through you. Spirit can only do for you what it can do through you.

4. GIVE THANKS IN ADVANCE: Move forward in your life as if your prayer has been answered.

Suggested Guidelines for Meditation: Meditation's essential purpose is the realization of union or oneness with NTR. It is a turning from the tumultuous outer world to drink of the deep reservoir of unlimited Spirit within and the returning with a sense of oneness to the outer world. It is a listening to the still small voice within. It is therefore a very personal experience and cannot be measured by someone else's experience as to what is supposed to happen or be experienced.

Let us speak good speech and declare WHm Mes Tu for our lives:

Where two or more are gathered agreeing upon anything, there I am in the midst of them. Take your position, stand still and see the victory of the lord [law] on your behalf. It is the heart [mind] which causes every completed concept to come forth, and it is the tongue which announces what the heart [mind] thinks. Thus all the NTRs [forces, powers] are formed... Indeed all the divine order comes into being through what the heart [mind] thinks and the tongue commands. Ancient Kemetian Scripture from The Book Of Coming Forth by Day.
