I'm Going All The Way

Whatever it takes to make it I'm going all the way. I may be down sometimes but I won't be down always.

I had some problems, heartache and pain. Tryin to find the answers. I've been rackin my brain, but as I thought about it began to come clear; To get myself together and go on from here. Whatever it takes to make it, I'm going all the way. I may be down sometimes but I won't be down always. Now I know better. It's time to move on; My determination is what keeps me strong. Oh, I believe in myself like never before;

Faith is the key to unlock the door.

Whatever it takes to make it, I'm going all the way. I may be down sometimes but I won't be down always. (Repeat)

Whatever it will take to help you live your goal don't give up hope, I know you can cope. Just move on. Don't ever stop. Just keep pressing on. Whatever it takes to make it, I'm going all the way. I may be down sometimes but I won't be down always.

Don't you give up. Don't you give out. Don't you give in. Hold on to your goal. (Repeat)

I'm going all the way! (Repeat)

Hannibal Ahmed

Hannibal Ahmed holds a master's degree in World Prehistory and History: The Story of Global Humanity in World Cultures & Civilizations. Starting in September 1958, his researches, investigations, and explorations have included several interconnected studies.

An anthropological and archaeological approach to Africana Studies led to the original religious belief system of humanity. It is the Inner Æthiopian Africa natural

genesis and development of religion or the faith of Earth's authentic humanity. This faith is the foundation of the ancient Egyptian's religious inscriptions and the Pyramid Texts' religious perspective regarding its divine spiritual wisdom: The divine octave human soul's spark within the constitution of one's sevenfold emotional, physical human being heart-memory-mind-intelligence-spirit-soul within the materiality of the NTR: Netjer Neb-er-Tjer Ur Heka or The All-in-All Source of the Cosmos' Eternal Life Essence.

This very ancient religious belief system became a Kamite (Black) Niloitic Kemetic African way of knowing divine knowledge and divine spiritual wisdom. Studies in paleoanthropology, the primordial typology, signs, and symbols of aboriginal and original humanity as well as in comparative world religion, religious mythology, theology, and the eschatology of human immortality help one to understand this Nilotic Kemetic African way of knowing and understanding the cosmic/earthly natural genesis and development of divine knowledge and divine religious' wisdom.

In September 1970, Hannibal started his studies on Ancient Upper and Lower Egypt (Ancient Kamite Æthiopia Smai Tawy Ta-Mery Kemet), Kemetology and Egyptology guided by Dr. Yosef A. A. ben-Jochannan: Kemetologist, Nubianologist, and Egyptologist. Hannibal Ahmed's published works are Introduction to Pan-Africanism: A Philosophy/Ideology for African Americans and The Honorable Messenger Elijah Muhammad's Message.
